

LOOK WE LOVE!

The grand plan

Opulent and pretty topped the homeowners' wish list for this Brisbane ensuite. Designer Leigh Boswell of Highgate House Interior Design has created a haven by combining pink-toned Moon Ivory marble with custom-designed SICIS mosaics.

Ideas at work

- * The panels of patterned tiles are intended to perform as "works of art", says Boswell.
- * This ensuite has a distinct five-star appeal. "The owners travel a lot and wanted this space to feel as indulgent as any bathroom you'd find in a luxury hotel," says Boswell.
- * A lighting designer ensured the ensuite is perfectly lit.

Details

- * Villeroy & Boch Aveo bath, \$7999.
 - * SICIS Pixall custom-coloured mosaics in Glory pattern, from \$80/m².
 - * Moon Ivory marble tiles 60x60cm, \$160/m².

17 TWICE AS NICE

"A pair of Hansgrohe showerheads offers the owners the chance to customise their showering experience," says Boswell.

18 SITTING PRETTY

"Include an upholstered chair to reinforce the bathroom's status as a place for pampering and luxuriating," says Boswell.
